

Megan Flood

For six weeks this summer, students and staff involved with Campus Crusade for Christ will gather in a neighborhood in Manhattan which forms a TRIangle BElow CANal Street for the Tribeca Summer Project. We will be doing evangelism and discipleship with a diverse group of students on college campuses and in the art community, believing God to work in and through us that He might be made known. My specific jobs will be to help the project function administratively and to train and do ministry alongside students who are coming on the project. Our ministry fo-

cus will be to students from other countries who have come to New York City to study.

How you can partner and pray:

- 1) Pray that the seventy staff and students coming to the project would grow in our knowledge of who God is and our love for each other and the lost this summer.*
- 2) Pray that God would open doors for us to share the message of His gospel and that hearts would be ready and willing to make the most of every opportunity.*
- 3) Pray for college students in NYC - that God would draw them to Himself and open their eyes to see the truth of who He is.*
